ServNet Heads to Dallas in April for *Meet the Owners* Event

ServNet auction owners and members of ServNet's executive team will make their annual Spring trip to Dallas to visit with national remarketers, holding its next ***Meet the Owners*** event on April 19th and 20th. This is the group's fourth trip to the Dallas area in as many years, and is part of a series of events planned throughout the year to strengthen relationships between ServNet auctions and remarketers around the country.

"ServNet's Meet the Owners events have set a new standard in the industry over the past four years," said Jeff Brasher, ServNet's president.. "It is important to build on the relationships that are vital to our business, particularly as we navigate a challenging market. At our ***Meet the Owners*** events, portfolio managers, risk managers and industry executives will have the opportunity to meet directly with the owners and CEO's of auctions that have withstood challenging economic times and continue to thrive because of the experience, strength, and integrity that have marked them as leaders in the industry for decades."

Brasher notes that this year's ***Meet the Owners*** luncheon will follow a different format than previous years' events, and will include a guest speaker.

"We're very pleased to announce that Nolan Ryan, baseball Hall-of-Famer, will be our featured guest speaker," said Brasher. Considered one of the best pitchers of all time, he played for a record-setting 27 years, and many of his pitching records still stand. With a blazing fast ball, amazing durability and tremendous leadership, Ryan has served as a role model for players and mainstream America alike. We're looking forward to hearing from a genuine American hero."

Hall-of-Famer Nolan Ryan will be featured at ServNet's *Meet the Owners* luncheon in Dallas in April.
